Forecast For Southwest England
Issued by Met Office Exeter
at 0400 on Friday 28 May 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Cloudy with some rain today. Turning warmer and drier.

Today:
A cloudy and dull day, with western and northern coastal areas receiving outbreaks of light rain or drizzle. The rain possibly becoming heavier and more widespread for a time in the afternoon. Warmest and driest conditions in the southeast. Maximum temperature 18 deg C (64 deg F).

Tonight:
Staying cloudy overnight, with patchy rain continuing and becoming more persistent in the east during the early hours before mostly easing around dawn. Milder than Thursday night. Minimum temperature 11 deg C (52 deg F).

Saturday:
After a damp and cloudy start to Saturday, patchy fair-weather cloud develops in the afternoon, bringing sunny spells and possibly a few showers. Feeling warm come the afternoon. Maximum temperature 21 deg C (70 deg F).

Outlook for Sunday to Tuesday:
Warm and dry conditions likely throughout this period. Plenty of sunshine on Sunday. Patchy cloud and sunny spells on Bank Holiday Monday. Lengthier sunshine returns on Tuesday, though turning windy.
